EDUCATION

B.E. Computer Engineering

Pimpri Chinchwad College of Engineering and Research, Current CGPA: 8.25

Aug 2023 – July 2027

HSC

Rayreshwar Secondary and Higher Secondary School, Percentage: 83.83%

June 2021 – March 2022

SSC

Rayreshwar Secondary and Higher Secondary School, Percentage: 93.20%

June 2019 – March 2020

PROJECTS

Learning Management System (LMS)

2025

- Developed a full-stack **learning management platform** using **React.js, Node.js, Express, and MongoDB**.
- Implemented **user authentication and role-based access** using **JWT**, supporting students, teachers, and admins.
- Integrated **Cloudinary** for media uploads and **PayPal SDK** for course payments.
- Designed responsive UI components with **Radix UI** and **Tailwind CSS** for smooth user experience.
- Enabled real-time updates and notifications using **React Hooks** and **Framer Motion**.

Digital Compliance System 🔒

2024–2025

- Developed a full-stack **digital compliance management platform** using **React.js, Node.js, Express, and MongoDB**.
- Automated audits, tracked compliance, and provided real-time regulatory updates for seamless management.
- Implemented **secure authentication** using **JWT** and role-based access for admins and users.
- Built interactive UI components using **React, Tailwind CSS, and Framer Motion** for smooth user experience.
- Enabled email notifications and validation using **Nodemailer** and **Validator.js**.

Real-Time Chat Application

2026

- Developed a **real-time messaging platform** using **React.js, Node.js, Express, MongoDB, and Socket.io**.
- Implemented **user authentication** and role-based access to support private and group chats.
- Enabled **instant messaging, online/offline status, and message history** for all users.
- Designed a responsive and interactive UI using **React, Tailwind CSS, and Framer Motion**.
- Applied **MongoDB** for storing chat history and user data securely.

SKILLS

- **Programming & Web:** JavaScript, Python, React.js, HTML, CSS
- **Core Competencies:** Data Structures and Algorithms (DSA), Object-Oriented Programming (OOP), SDLC
- **Backend & APIs:** Node.js, Express.js, RESTful API Design Integration
- **Databases:** MongoDB, MySQL (SQL Querying)
- **Tools & Practices:** Git, GitHub, VS Code, Unit Testing, Debugging, Linux/Shell Scripting

CERTIFICATIONS

- Advanced C++ Training – Spoken Tutorial Project, IIT Bombay
- From Relational Model (SQL) to MongoDB's Document Model – Credly

HACKATHONS & COMPETITIONS

- Smart India Hackathon (SIH) 2025 – Participated as a team member, worked on developing innovative solutions, gained experience in rapid prototyping, teamwork, and problem-solving under time constraints.
